

Splash: At Home

This little adventure starts at the beginning. Creation. We will continue to work through the bible stories using these fun ways to stay connected.

For today's Bible story we go on a **Scavenger Hunt**

I encourage you to find the items in (**BOLD PRINT**) and then take a picture.

In the beginning, God created the **heavens** and the **earth**.
On the first day, he made the world ready for **new birth**.
He made the **Garden** of Eden, the **animals**, **Adam and Eve**,
but told them not to eat the **fruit** from one special **tree**.
The Serpent tempted Eve to fail and take a single **bite**;
God sent them out of Eden, for what they'd done just was not right.
